## LETTER FROM THE PRESIDENT

Jill W. Sheffield  
*President*  
Women Deliver

In the past three years, we have seen tremendous momentum growing for the health and empowerment of girls and women worldwide. Maternal deaths have declined by nearly 50% since 1990, proving that our goals are within reach. The Every Woman Every Child initiative has brought about a new spirit of collaboration, partnership, and innovation within the maternal and reproductive health field. This past summer, the London Summit on Family Planning raised over \$2.6 billion to ensure that the 260 million women who use contraceptives will continue to have access to this life-saving commodity, and will also extend coverage to 120 million more girls and women by 2020. Clearly, the tide of change has come for girls and women.

Yet our work is far from over; in fact, it is just beginning. In just a few short years, the Millennium Development Goals and the International Conference on Population and Development's Programme of Action will both expire, leaving us with a new development framework. There has never been a better time to raise our voices in support of the health and empowerment of girls and women, and to ensure they are a top priority in 2015 and beyond.

Women Deliver 2013 will be the biggest and best conference we've had to date. In 2007, together we put maternal health on the map. In 2010, we highlighted effective solutions to improve maternal and reproductive health. And now, we will galvanize action and accelerate progress to meet our goals. This requires us to join forces and work collaboratively across sectors, genders, and generations, and around the globe. Together, we can and will ensure that one day, women across all geographic, socioeconomic, and cultural lines will have access to the care they need, and no woman will die giving life.

On the first day of the conference, we will examine how investments in girls and women result in a domino effect of positive outcomes for girls and women, their families, societies, nations, and the world. Day two will highlight the unmet need for contraception, and look at how we can ensure that every woman has stigma-free access to affordable family planning services. On the last day, we will develop an action plan for ensuring that girls and women are prioritised in the new development framework and lay out a clear, measureable roadmap to success.

Your participation, and your follow-up work once you return home from Kuala Lumpur, will make our conference a success. Welcome to Women Deliver 2013, the place for you to share, learn, interact, and become as inspired as I am by your commitment to the health and well-being of girls and women around the world.

A handwritten signature in black ink that reads "Jill W. Sheffield".

## LETTER FROM THE REGIONAL DIRECTOR

I'm thrilled to welcome the Women Deliver 2013 conference to Kuala Lumpur, Malaysia. I'd also like to extend my gratitude to the Prime Minister and Government of Malaysia, and the Regional Advisory Group, for their active support in making this groundbreaking event possible. The conference will be an opportune time to highlight the many success stories from countries throughout Asia. Maternal deaths have been in decline in this region, and many programmes are making a difference.

From community health services in rural India, to innovative youth-led sexuality education trainings in Cambodia, to impressive public advocacy campaigns in Japan, it is inspiring to see progress take shape. Malaysia itself is a champion of maternal health.

Thanks to strong investments in the maternal health sector and improved access to quality water, sanitation, nutrition, and girls' education, Malaysia has seen dramatic declines in pregnancy- and childbirth-related deaths.

From the plenaries to the concurrent sessions to the exhibits, there is no better place than the Women Deliver 2013 conference to meet champions and innovators, to promote new projects and products, and to contribute to the global dialogue. We have a lot to learn from each other, other countries, and other regions, and that is why Women Deliver is so special. The conference is a gathering place for the girls' and women's sector. Women Deliver recognises that eradicating HIV and AIDS, improving education, promoting human rights, working towards environmental sustainability, and ensuring economic empowerment and gender equality are all necessary parts of the solution to reduce maternal mortality and morbidity for girls and women. We are all in this together, and we need to build on each other's work to create synergies.

Thank you for joining us for this world-class conference.

Best,

Dr. Raj Abdul Karim  
*Regional Director*  
Women Deliver

## LETTER FROM THE HONOURARY CHAIR OF THE WOMEN DELIVER REGIONAL ADVISORY GROUP

Dr. Siti Hasmah binti Haji  
Mohamad Ali  
*First Maternal and Child Health  
Officer, State of Kedah,  
Malaysia, and Honourary Chair,  
Women Deliver Regional  
Advisory Group*

Greetings!

It gives me great pleasure to welcome all those attending the Women Deliver 2013 Conference. Here, in Malaysia, we strongly advocate for the health and empowerment of girls and women. The Women Deliver conference themes strike at the core of our own mission to ensure that all women have access to safe, healthy pregnancies and deliveries.

The decision to convene your third global conference in Malaysia is a testament to the tremendous progress our country has made in reducing maternal deaths. In the past 12 years, we have reduced our maternal mortality rate to one of the lowest in the region, thanks to improved access to maternal health care, increased financing for obstetric services, and a greater number of skilled delivery attendants. Malaysia's success story is proof that real change for girls and women is possible with political will and dedicated resources.

We are proud to be a country that believes no woman should die while giving life. We are proud to support women to exercise the right to plan the number and spacing of their children, and to provide family planning information and services to those who need it. We welcome you to join us in working to improve maternal health worldwide.

You have my best wishes for a successful conference, and for your continued work to ensure a bright future for girls and women everywhere.

Sincerely,  
Dr. Siti Hasmah binti Haji Mohamad Ali

## ACKNOWLEDGEMENTS

The Women Deliver 2013 conference would not have been possible without the help and support of hundreds of people. The following deserve our special gratitude.

Women Deliver would like to give special thanks to **YABhg Datin Paduka Seri Rosmah Mansor**, Wife of Honourable Prime Minister of Malaysia and Patron of the Women Deliver 2013 Conference.

**Dr. Raj Karim**, who knows everybody in Kuala Lumpur, in Malaysia, in Asia, and in the world.

**Frances Kissling**—where to start? Grateful for her Rolodex and her organising skills, and for always keeping us all moving in the same general direction.

**The Women Deliver Core Staff**, a unique team of winners and stars. Who knew that such a small team could achieve so much? Thank you for all the hard work.

**All Sponsors and Donors** who made Women Deliver 2013 not only possible, but better than ever.

**Malaysian Ministry of Women, Family, and Community Development and the Ministry of Health**, for organising visits to see the great projects and organisations working in Malaysia.

**Aldia Lai and AOS Conventions**, for late-night calls and early-morning Skype sessions to make sure all the details were covered.

**Gregg Parker and A Working Title Productions**, for being always cheerful and always enthusiastic. So many thanks.

**Global Health Strategies**, for having winning media ideas...almost daily!

**Virginia Taddoni**, who is always fresh!

**UNFPA, Jagdish Upadhyay, and Kechi Ogbuagu**, super partners who truly “deliver”!

**Session Organisers**, for their creative and inclusive ideas to make a fantastic programme—we are so appreciative!

**The World Bank, Jeni Klugman, and the wonderful team in the Gender and Development Unit**, for producing new information and data to help make the economic case for investing in girls and women.

**The Lancet and Richard Horton**—like no other. Always “yes we can.”

**The Women Deliver Board**, who are such a special group of individuals with unique global experience to guide us.

**The Women Deliver Advisory Group**, for contributing generously of your time, knowledge, and contacts.

**The Women Deliver Communications Advisory Group**, who helped us make sure our messages were heard across the world!

**The Women Deliver Regional Advisory Group**, for their very specific ideas and outreach.

**The Women Deliver Youth Advisory Group**, whose feedback was invaluable and who always offered to jump in and make sure youth voices were heard.

**The Kuala Lumpur Convention Centre**, for a wonderful, world-class venue to talk about world issues.

**Our Social Media Partners**, particularly the FHI 360 Communications and Social Good Summit teams, who helped make this a truly global conference.

**BERNAMA**, for their great advice and outreach in Malaysia, and beyond.

**Lisa Russell**, for curating so many great films in so little time.

**Liza Donnelly**—a special thanks for the gift of humour.

**C-Exchange Members**—a breakthrough group with unique ideas and spirit.

**Mark Tuschman**, for your amazing eye for capturing the extraordinary.

**Nell Nichols and HelmsBriscoe**, for making sure everyone has a bed and pillow to sleep on.

**MyCEB (Malaysia Convention and Exhibition Bureau)**, our savvy link to the intricacies of Kuala Lumpur.

**ATC Travel Management**, for their determination to get us all to the same place and keep us well looked after.

**Volunteers**, an invaluable resource who gave us no excuse not to turn up.

**All Unnamed** who worked hard to make Women Deliver the landmark event it is.

This general trade kiosk sells light refreshments, magazines, tobacco, and sweets.

### MEDICAL ROOM

The Medical Room is located on Level 3 adjacent to the Business Centre. Only basic first aid boxes are available in the Centre. Paramedic and ambulance services can be arranged through the Centre. A doctor is available on call during office hours, and the nearest medical facility is Twin Towers Medical Centre at Suria KLCC.

### INTERNET ACCESS

Complimentary WiFi will be available throughout the Exhibit Halls as well as Level 3 so anyone with a WiFi-enabled device can access the service. There are also complimentary Internet stations located on Levels 3 and 4 for convenient on-site accessibility.

### TRANSPORTATION

**By Road:** If you are in a taxi or a chauffeured car, approach the Centre along Jalan Pinang and turn left into the Main Entrance (second turn after the Mandarin Oriental Hotel) for drop off.

**By Train:** Take the Light Rail Transit (LRT), Kelana Jaya Line, and disembark at the KLCC Station. Turn left after exiting the turnstiles and walk through the Suria KLCC shopping centre Concourse Level to the Centre Court. Turn left and make your way past Cold Storage to the Guardian Pharmacy, where there is a covered walkway through to the Centre. Take the lift to the Ground Floor, where you will be directed to the registration area.

**On Foot:** From the Suria KLCC shopping centre's Ground Level Centre Court, take the Park Exit into the KLCC Park, and turn right. Follow the Esplanade towards the Mandarin Oriental Hotel, and then take the path around the edge of the park towards the centre of the building and enter via the Park Entrance.

**By Air:** The Kuala Lumpur International Airport (KLIA) is Malaysia's main international airport and is also one of the major airports of Southeast Asia. It is about 50 km from Malaysia's capital, Kuala Lumpur, in the Sepang District of Southern Selangor State.

### TRAVEL SERVICES

If you booked your flights through Women Deliver's partner travel agency, ATC Travel, a representative is available on-site to assist with any questions or problems you may have regarding your air travel.

\* Important Note: ATC cannot access flight records or make changes to flights booked through any other source. They can only assist with flights booked by ATC.

## CODE OF CONDUCT

### PRINCIPLES AND EXPECTATIONS OF CONFERENCE PARTICIPATION

The right to participate at a Women Deliver-sponsored conference is contingent upon ensuring open dialogue among all stakeholders. The conference acknowledges the freedom of expression of speakers, participants, sponsors, and exhibitors and is an essential principle in Women Deliver's goals of reducing maternal mortality and achieving universal access to reproductive health care.

Women Deliver encourages discussion and interaction as essential elements of participation among all conference attendees. This code of conduct includes the prohibition of behaviour that leads to any harm, prejudice to any person, or the disruption of the conference or any activity associated with it.

Women Deliver also opposes the destruction of property or the use or threat of physical force by any individual or group of individuals during the conference. The following principles are intended to guide the conference organisers' response to disruptions or any threat of actual violence that prevents constructive and meaningful participation at Women Deliver.

### GENERAL PRINCIPLES

#### Conference Participation

All participants attending the Women Deliver conference are subject to the laws applicable in Malaysia. By attending the conference, participants also agree to adhere to these Principles and Values of Conference Participation.

The conference will provide support and space for meaningful participation to enable a broad spectrum of viewpoints and constructive dialogue. Individuals who are part of the Women Deliver 2013 conference may not engage in any demonstrations or other behaviour that Women Deliver organisers deem to be potentially disruptive to the conduct of the conference. Action that involves the use or threat of physical force or the destruction of property may contravene the laws of Malaysia.

#### Accreditation

Women Deliver reserves the right to refuse accreditation or admission to the conference if an individual or group has previously advocated or supported violent actions or destructive behaviour in any way. Additionally, during the conference, Women Deliver can revoke the name badge, conference registration, and associated materials of, and therefore deny access to, participants who do not adhere to these Principles.

#### Video and Audio Recording

Written approval must be obtained from Women Deliver conference organisers prior to the videotaping or audio recording of any part of the conference. Failure to receive written permission is grounds for expulsion from the Women Deliver conference and immediate confiscation of video or audio materials.

#### Materials

Materials, flyers, and leaflets can only be displayed in approved designated spaces. Any unauthorised materials left on tables or placed in the media work room will be removed, and security guards will do regular sweeps to remove miscellaneous materials.

### PROCEDURES INVOLVING DISRUPTIONS AT THE CONFERENCE

#### Application of the Law

Women Deliver participants are subject to the laws applicable in Malaysia. Physical force or threats of physical force or destruction of property by conference participants will not be tolerated and will be dealt with in accordance with the laws of Malaysia. Additionally, the response may include escorting participants from the conference venue.

#### Withdrawal of Accreditation

In the event of disruption or action that does not respect these Principles, the conference may withdraw a participant's accreditation and name badge and suspend or cancel the participant's access to the conference. Violation of the rules is also grounds for ineligibility to attend future Women Deliver conferences.

#### Public Statement

In the event that freedom of expression is abused, property is destroyed, or physical force is used or threatened by a participant, Women Deliver may issue a statement concerning the action that reflects the framework of the Principles and Values of Conference Participation.

### SECURITY INFORMATION

Women Deliver 2013 badges will be required for admittance to all events for security reasons. Badges should be worn and visible at all times. Lost badges should be reported to the conference registration staff immediately. The following badge policies apply throughout the entirety of the conference:

1. Women Deliver is the sole proprietor of conference badges.
2. Badges are nontransferable.
3. Misuse of badges, false certification of individuals as paid Women Deliver attendees, efforts to assist unauthorised persons to gain access to any Women Deliver event, or any inappropriate conduct will be just cause for reclaiming badges of any individuals involved. Women Deliver is not obligated to refund any fees to any individual or group expelled from the conference.

**SUNDAY & MONDAY**  
**26 MAY – 27 MAY**

#### MIDWIFERY SYMPOSIUM – II

**Organised by:** UNFPA, International Confederation of Midwives, Jhpiego, and WHO in collaboration with the H4+, civil society and private sector partners

The Midwifery Symposium will bring together some 200 midwives, policy makers, programme managers and senior representatives from UN agencies, major international NGOs, and donors. The discussions will focus on demonstrating major strides made towards strengthening midwifery in recent years at national and global levels and discuss how best to address ongoing challenges in improving access, availability, accessibility, and quality of services emerging from the latest evidence base using partnerships and innovative technologies as key strategies. Attendance is by invitation only. Please email [lal@unfpa.org](mailto:lal@unfpa.org) for more information.

**SUNDAY, 26 MAY**

#### MIDDLE EAST AND NORTH AFRICA (MENA) REGIONAL CONSULTATION ON WOMEN'S HEALTH AND WELL-BEING

**Organised by:** Women Deliver, Women's Learning Partnership, and Choices and Challenges in Changing Childbirth (CCCC) at American University of Beirut

The MENA regional consultation will discuss the integration of women's health issues into broader conversations about human rights, with a focus on the social, political and cultural factors that impact girls and women in the region. Experts in women's health and rights will share success stories, address challenges and discuss a post-2015 framework that prioritises the MENA region's girls and women.

**MONDAY, 27 MAY**

#### GIRLS NOT BRIDES: THE GLOBAL PARTNERSHIP TO END CHILD MARRIAGE

**Organised by:** Girls Not Brides

This meeting will explore the links between child marriage, women's health and other issues critical to the empowerment of women. Participants will learn about the Partnership's work and discuss its vision for addressing child marriage over the coming two years.

#### POSTPARTUM FAMILY PLANNING TECHNICAL MEETING

**Organised by:** MCHIP and Jhpiego

The USAID Maternal and Child Health Integrated Program (MCHIP) Family Planning team and partners will host a day of discussions of technical updates and progress on field implementation of PPFP programmes. The day will include plenary sessions, a marketplace and panel presentations.

#### SCALING UP FAMILY PLANNING AND MATERNAL AND CHILD HEALTH PROGRAMMES: FOCUSING ON GENDER INTEGRATION, POLICY IMPLEMENTATION, AND MEASUREMENT (INTERCONTINENTAL HOTEL)

**Organised by:** the USAID-funded Gender, Policy and Measurement Program, organised by the Health Policy Project and MEASURE Evaluation

Gender integration, policy development, and measurement are critical to successful and sustainable scale-up of family planning and maternal, neonatal and child health interventions. This session explores innovative skills, knowledge and programme approaches in these three important components of scale-up.

#### GLOBAL FORUM ON CERVICAL CANCER PREVENTION

**Organised by:** Global Health Strategies and international partners

The forum will bring together global cervical cancer prevention leaders, advocates, academics, and policymakers for an informative, consensus-building conversation to share best practices and advocacy tools, highlight early adopters, and explore innovative financing options for the rollout of new technologies.

#### A CHANGING MYANMAR: EXPANDING BIRTH SPACING AND CONTRACEPTIVE ACCESS

**Organised by:** Pathfinder International, in collaboration with the David and Lucile Packard Foundation

An invitation-only discussion about opportunities to increase access to sexual and reproductive health services in Myanmar, especially to address urgent needs in contraceptive access and to support the implementation of enabling policies.

#### MISOPROSTOL FOR MANAGING POSTPARTUM HAEMORRHAGE IN LOW RESOURCE SETTINGS

**Organised by:** International Federation of Gynecology and Obstetrics (FIGO) & Gynuity Health Projects

Post-partum haemorrhage (PPH) is a leading cause of maternal mortality. This panel will discuss international recommendations and recent evidence on the use of misoprostol for the prevention and treatment of PPH, and its programmatic implications in low resource settings.

#### IN OUR HANDS: SUCCESSFUL STRATEGIES TO PRIORITISE ESSENTIAL MATERNAL HEALTH SUPPLIES

**Organised by:** Family Care International; PATH; Population Action International; Reproductive Health Supplies Coalition-Maternal Health Supplies Caucus; and Venture Strategies Innovations

The Maternal Health Supplies Working Group and Reproductive Health Supplies Coalition-Maternal Health Supplies Caucus will bring together global and national advocates and programme implementers in an interactive forum to network, strategise and exchange ideas for elevating maternal health supplies onto leading health agendas. Successful advocacy case studies from Africa, Asia and Latin America will be highlighted. This meeting is open to the public.

## CONFERENCE SPECIAL EVENTS

### EMERGENCY CONTRACEPTION: NEW RESEARCH FINDINGS, PROGRAMMATIC UPDATES, AND ADVOCACY STRATEGIES

**Organised by:** The International Consortium for Emergency Contraception (ICEC) and HRA Pharma

Access to emergency contraception (EC) globally is extremely uneven. This session will bring together advocates, researchers, pharmaceutical representatives, and other leaders in the field to discuss expanding efforts to ensure access to EC globally, with a focus on developing countries.

### HIV TREATMENT OPTIMISATION AND WOMEN'S RIGHTS AND EMPOWERMENT: MAKING THE CONNECTION

**Organised by:** The Pangaia Global AIDS Foundation and the International HIV/AIDS Alliance

This session will highlight models of integrated HIV/SRH service delivery that are essential to reaching the global targets of 15 million people on HIV treatment by 2015 and engage participants in dialogue on how to advocate for funding for scale up.

### HEALTHY BIRTHING: A FORUM FOR INDIGENOUS & REMOTE PROJECTS AND THOSE WHO SERVE THEM

**Organised by:** Global Force for Healing

Our purpose is to connect global grassroots projects to improve maternal health and education regarding healthy birthing. We welcome members of indigenous or remote communities with little/no access to safe birthing services and education. Join us also if you have a model to share or would like to partner with others to create one. For information or to RSVP: [kay@globalforceforhealing.org](mailto:kay@globalforceforhealing.org)

**Organised by:** Countdown to 2015

**Time:** 8:00 - 18:00  
**Room:** 408/409

Countdown to 2015 is committed to supporting country efforts to achieve MDGs 4 & 5. This workshop will provide an overview of Countdown, including information on how countries can promote the use of evidence to accelerate progress for women and children's health. **By invitation only.**

### SAFE ABORTION IN HUMANITARIAN SETTINGS: WHO TECHNICAL AND POLICY GUIDANCE FOR HEALTH SYSTEMS, 2ND EDITION UPDATE MEETING

**Organised by:** Ipas, IPPF, MSI and the World Health Organization

**Time:** 18:00 - 20:00  
**Room:** Conference Hall 1

The 2nd edition of the WHO safe abortion guidance, published in 2012, includes evidence-based recommendations on abortion care (including treatment recommendations for incomplete abortion and other complications), service delivery strengthening, and legal and policy considerations. Key organisations working to improve access to abortion care will highlight relevant recommendations and their application in humanitarian settings.

**FRIDAY & SATURDAY  
31 MAY - 1 JUNE**

### 14TH ANNUAL IAWG MEETING

**Organised by:** Inter-Agency Working Group (IAWG) on Reproductive Health in Crises

**Time:** 8:30 - 17:30  
**Room:** 403/404

The meeting will bring together individuals dedicated to improving the reproductive health of those affected by conflict or natural disasters. Organisations working or interested in these fields are encouraged to attend, including new members and particularly those working in the ESEAO region.

## SPECIAL FORUMS

### MINISTERS' FORUM

The Ministers' Forum at Women Deliver 2013 will bring together Health, Finance, Women's Affairs, and Development Cooperation Ministers from around the world. Ministers from countries with high maternal mortality rates and low contraceptive prevalence rates will engage in dialogues with Ministers from countries that have experienced significant progress in these areas, with the aim of sharing successful strategies and ongoing challenges. The Forum is being organised by UNFPA and Women Deliver. **By invitation only.**

### PARLIAMENTARIANS' FORUM

Parliamentarians are the critical link between government and its citizens. Women Deliver, in collaboration with the Asian Forum of Parliamentarians on Population and Development and the European Parliamentary Forum on Population and Development, will convene a Parliamentarians' Forum to strategise how to accelerate action on maternal, sexual, and reproductive health and rights. **By invitation only.**

### MEDIA FORUM

Women Deliver's Media Forum will convene invited journalists to discuss opportunities and challenges in reporting on issues related to girls and women. The Forum will focus on news coverage of the critical role of girls and women in achieving development, sustainability and poverty reduction goals. **By invitation only.**

### YOUTH PRE-CONFERENCE

The Youth Pre-Conference, sponsored by Johnson & Johnson and Global Fund for Women, convenes the Women Deliver 100 Young Leaders, a group of inspiring young people under the age of 30 who are working to improve the health and well-being of girls and women. These youth advocates and activists represent approximately 68 different countries from around the world. Learn more by visiting them at the "Youth Zone" in the Exhibit Hall. **Pre-Conference is by invitation only.**

CARTOON  
EXHIBIT

## Women Deliver: The World Receives Cartoons For and About Every Woman

Collected and Presented by Liza Donnelly, staff cartoonist for *The New Yorker Magazine*

A cartoon can express the feelings of the individual; it can illuminate different cultures, and show how people within different societies react to global issues.

The cartoons in this exhibition are about women. These artists show us what they think and feel about women's rights, the education of women and girls, and the role of women around the globe. Most countries are aware now that the rights of women are key to cultural stability and economic prosperity. What lags

behind in far too many places are cultural traditions. Cartoons can help us see cultural taboos and injustices because they come from artists who are living and experiencing these traditions. Cartoons such as the ones in this exhibition speak a universal language.

Visit the full exhibition on display in the Exhibit Hall on the Ground Level of the Kuala Lumpur Convention Centre.

#### Investing in Women's Reproductive Health Equals Investing in Economic and Social Progress for Everyone

Achieving gender equality requires addressing the reproductive health needs of women. However, despite improvements in gender equality in other domains, too little progress has been achieved on this critical front. The lack of investment in reproductive health is a missed opportunity for development. This panel will review the economic benefits of investing in reproductive health, including improved labour productivity, reduced out-of-pocket expenditures, enhanced human capital of future generations, and increased economic growth. Investing in reproductive health is smart economics for policy makers in developing countries, but obstacles still exist. We will explore proven and promising policy levers to accelerate progress.

#### PRESENTER

**Jeni Klugman**, Director of Gender and Development, World Bank Group

#### MODERATOR

**Norman Pearlstine**, Chief Content Officer, Bloomberg L.P.

## TUESDAY SCHEDULE

### Investing in Girls

It is universally recognised that girls' access to education is key to their future contributions to society and their own sense of fulfilment. Enabling girls to participate fully in all aspects of family, political, and community life is critical to gender equality. The panel will explore continuing barriers and challenges to ensuring that every girl has access to an education and the experiences and rights that will enable her to flourish.

#### MODERATOR

**Kathy Calvin**, President and CEO, United Nations Foundation

#### PANEL

**Maria Eitel**, President and CEO, Nike Foundation

**Nyaradzayi Gumbonzvanda**, General Secretary, World YWCA

**Reeta Roy**, President and CEO, The MasterCard Foundation

**Dr. Nafis Sadik**, Special Adviser to the United Nations Secretary-General

### PRESIDENTIAL SESSION

11:30 – 13:00

Plenary Hall

### Role of Professional Association Leaders in Advocating for Women's Reproductive Health

Among the most respected advocates for reproductive health services are the professional associations whose members provide those services. Beyond setting the standards that lend credibility to providers and ensuring the health and safety of patients, they also develop ethical codes of conduct that guarantee adherence to the highest standards of care. They inform their members of challenges to quality of care and translate the narrative stories of the real-life challenges and needs of women, girls and couples into measurable actions for ministries of health, other government agencies, and media. The leaders of the reproductive health professional associations will share their experiences as advocates, educators, and service providers.

#### MODERATOR

**Dr. Jack Watters**, Vice President for External Medical Affairs, Pfizer Inc.

#### PANEL

**Professor Sabaratnam Arulkumaran**, President, International Federation of Gynecology and Obstetrics (FIGO)

#### Closing the Gap on MDG 5

Progress on Millennium Development Goal 5 has been slow, but is accelerating. New quantitative estimates of need, receipt, and unmet need for maternal and neonatal health services for each region and sub-region of the developing world are promising, as are the innovative advocacy and service delivery approaches that the panel will discuss. These approaches are designed to improve access and close important service gaps.

#### MODERATOR

**Michael Holscher**, Acting CEO, Marie Stopes International (MSI)

#### PANEL

**Petra ten Hoop-Bender**, Director for Reproductive, Maternal, Newborn, and Child Health, Instituto de Cooperación Social (ICS) Integrare

**Dr. Jotham Musinguzi**, Regional Director, Partners in Population and Development Africa Regional Office (PPD ARO)

**Dr. Naveen Rao**, Lead, Merck for Mothers

**Susheela Singh**, Vice President for Research, Guttmacher Institute

### PRESIDENTIAL SESSION

14:45 – 16:15  
Plenary Hall

#### Women's Health

The reproductive health paradigm established at Cairo called for a holistic women-centred approach to achieve comprehensive reproductive health care. Over the past years, we have come to understand that broader issues of women's health also need to be seen as part of that comprehensive approach. The dramatic increase in rates of non-communicable diseases, from cancers to diabetes, affects reproductive health. Women's mental health, infertility, and sexuality are all still neglected. The disproportionate number of women in poverty is a further health challenge. A life-cycle approach to women's health is sorely needed. The panel will explore these challenges, and how the health needs of women can be better met.

#### MODERATOR

**Karl Hofmann**, President and CEO, Population Services International, (PSI)

#### PANEL

**Her Royal Highness Crown Princess Mette-Marit** of Norway

**Barbara Bush**, Co-Founder and CEO, Global Health Corps

**Dr. Ana Langer**, Director, Women and Health Initiative, Harvard School of Public Health

**Dr. Babatunde Osotimehin**, Executive Director, United Nations Population Fund (UNFPA)

**Dr. Harshad Sanghvi**, Vice President Innovations and Medical Director, Jhpiego

## TUESDAY SCHEDULE

### Women Lead—Opportunities and Challenges

There is no doubt that substantial progress has been made in women's leadership, not just in traditional areas such as health and education but as leaders in finance, government, and communications, and as cultural icons. Younger women can rise to leadership sooner. Yet, even the world's most powerful women speak of challenges and of being ignored. This will be a lively and intimate look at how women leaders see their own leadership. It will also explore the latest in leadership theories, with the panellists' perceptions of what makes for great leaders in the 21st century.

## TUESDAY SCHEDULE

### Expanding Access: Reaching the Hard to Reach

#### CONCURRENT SESSIONS

11:30 – 13:00  
Conference Hall 3

While contraception prevalence rates have increased in many parts of the world, a continued challenge is bringing family planning services to the groups that are difficult to reach and often most in need. Panellists will share experiences on initiatives which are successfully catalysing expansion of access to hard-to-reach, vulnerable groups, especially women and young people.

#### MODERATOR

**Janet Jackson**, Representative for Myanmar, United Nations Population Fund (UNFPA)

#### PANEL

**Muhammad Ali Pate**, Honourable Minister of State for Health, Nigeria

**Kesetebirhan Admasu**, Honourable Minister of Health, Ethiopia

**Susheela Singh**, Vice President for Research, Guttmacher Institute

**Monique Clesca**, Representative, United Nations Population Fund (UNFPA), Niger

**Kokou Sename Djagadou**, Member, Board of Directors, Youth Coalition for Sexual and Reproductive Rights, Kenya

#### ORGANISED BY

The United Nations Population Fund (UNFPA)

### Lessons from the Field: Preventing Unintended Pregnancies in Humanitarian Crises

#### CONCURRENT SESSIONS

11:30 – 13:00  
Room 304

Access to lifesaving sexual and reproductive health services, including family planning, is essential in even the earliest stages of a humanitarian crisis. Existing gaps in these services leave nearly 60 million people, currently displaced by conflict or natural disasters, extremely vulnerable. Data on existing gaps and innovative approaches will be presented.

#### MODERATOR

**Pramilla Senanayake**, President, The Family Planning Association of Sri Lanka

#### PANEL

**Louise Lee-Jones**, Global Review Coordinator, United Nations High Commissioner for Refugees (UNHCR)

**Nadine Cornier**, Senior Reproductive Health/HIV Coordinator, UNHCR

**Jesse Rattan**, Director, CARE USA

**Dhammika Perera**, Senior Technical Advisor, International Rescue Committee (IRC)

#### ORGANISED BY

The Inter-agency Working Group (IAWG) on Reproductive Health in Crisis

### Participatory Governance to Improve Coverage, Quality, and Equity of Maternal Healthcare

#### CONCURRENT SESSIONS

11:30 – 13:00  
Room 305

Participatory governance is a key strategy to improving health coverage, quality, and equity. Participatory governance links citizens, health systems, and governments in systems of mutual responsibility and accountability. This panel will share tools and approaches for empowering women, communities, and health providers to participate effectively in these systems.

#### MODERATORS

**Nana Twum-Danso**, Senior Programme Officer, Family Health Division, Global Development Programme, Bill & Melinda Gates Foundation, and **Christine Galavotti**, Director, Sexual, Reproductive and Maternal Health, CARE USA

#### PANEL

**Thumbiko Wa-Chizuma Msiska**, Project Manager for Maternal Health Alliance, CARE Malawi

**Christine Galavotti**, Director, Sexual, Reproductive and Maternal Health, CARE

## TUESDAY SCHEDULE

### CONCURRENT SESSIONS

11:30 – 13:00  
Room 306

#### Youth and Family Planning

Although inclusion of youth in sexual and reproductive health advocacy and programmes has increased, there are some critical areas that continue to show continued disparities for youth and family planning. A moderated panel will discuss each of these topics, both from an overview as well as a youth perspective, followed by a Q&A.

##### MODERATOR

**Jovana Ríos Cisnero**, Board Member, IPPF Western Hemisphere Region, Panama

##### PANEL

**Heather Boonstra**, Senior Public Policy Associate, Guttmacher Institute

**Carlos Jimmy Macazana Quispe**, Voluntary Partner, Instituto Peruano de Paternidad Responsable (INPPARES), Peru

**Gwyn Hainsworth**, Senior Advisor for Adolescent Sexual and Reproductive Health, Pathfinder International

**Pablo Aguilera**, Director, HIV Young Leaders Fund, Mexico

**Faustina Fynn-Nyame**, Country Director, Marie Stopes International (MSI), Ghana

**Shreejana Bajracharya**, Youth Consultant, Ipas Nepal

### CONCURRENT SESSIONS

11:30 – 13:00  
Room 307

#### Low-Cost, Low-Tech Highly Realistic Emergency Obstetric and Neonatal Simulation and Team Training for All Providers, Everywhere

This participatory workshop presents tools, techniques, and evidence for conducting extremely low-tech, low-cost, highly realistic simulation and inter-professional team-training for obstetric and neonatal emergencies for all cadres. Designed for funders, trainers, and managers, this session will allow participants to experience the difference between standard skill-station training and highly realistic simulation with video-guided debrief.

##### MODERATOR

**Dilys Walker**, Executive Director, PRONTO International

##### PANEL

**Minnie Kibore**, Technical Advisor for the Medical Education Partnership Initiative, University of Nairobi

**Francesca Holme**, Research Coordinator, Department of Global Health, University of Washington

**Kimberly Calkins**, Commercialization Director and Program Coordinator, PRONTO International

**Jimena Fritz**, Project Manager, Reproductive Health Division, The National Institute for Public Health, Mexico

##### ORGANISED BY

PRONTO International

### CONCURRENT SESSIONS

11:30 – 13:00  
Room 401

#### Youth 2.0: Young People Online

Youth today have grown up in the digital age and are often the best link in bridging technological, geographic, gender, and generational divides. This panel will highlight how young people organise and share online, and the impact of these emerging platforms on sexual and reproductive health and rights.

##### MODERATOR

**Erica Nelson**, Project CERCA, University of Amsterdam

##### PANEL

**Gehad El Sayed**, International Coordinator, Media and Communications, Youth Peer Education Network (Y-PEER)

**Maya Koumanova**, Chair, Youth Sexual Awareness for Europe (YSAFE)

**Vanessa Brocato**, Senior Advisor, Global Advocacy, Planned Parenthood Federation of America (PPFA)

**Sana Sohail**, Founder and Director, Chanan Development Association (CDA), Pakistan

## TUESDAY SCHEDULE

### Faith and Family Planning

#### CONCURRENT SESSIONS

11:30 – 13:00  
Room 402

For many of the world's people, decisions about sexuality and having children are intimately connected with religious beliefs. In the midst of seeking informed consent and counselling on risks and benefits, psychological matters, faith and values are often ignored. The panel will discuss how to address faith issues and concerns.

#### MODERATOR

**Paul Rauschenbush**, Senior Religion Editor, *The Huffington Post*

#### PANEL

**David P Gushee**, Professor of Christian Ethics, Mercer University

**Wajeeha Al-Bahama**, President, Bahrain Women Association

**Pauline Muchina**, UNAIDS and Circle of Concerned African Women Theologians

### Sexuality Education

#### CONCURRENT SESSIONS

11:30 – 13:00  
Room 403

The evidence is clear. Comprehensive sexuality education (CSE), when implemented with fidelity to a well-designed curriculum, can improve sexual and reproductive health knowledge, attitudes, and behaviours. Yet CSE is difficult to implement well or to do at scale. This session will 'get real' with CSE and discuss specific challenges to implementing CSE in developing country contexts and possible strategies to address those challenges.

#### MODERATOR

**Cecilia García Ruiz**, Gender Projects Coordinator, Espolea, Mexico

#### PANEL

**Doortje Braeken**, Senior Advisor on Adolescents, International Planned Parenthood Federation (IPPF)

**Justine Sass**, Regional AIDS Adviser, UNESCO

**Wang Longxi**, Project Officer, Marie Stopes International (MSI) China

**Ram Chandra**, Youth Coordinator, Ipas Nepal

### Task Sharing and Task Shifting: Investing in Frontline Health Workers Pays in Lives Saved

#### CONCURRENT SESSIONS

11:30 – 13:00  
Room 404

One of the guiding principles behind task sharing is that no one health provider, or one cadre of providers, can do it all. Allowing a wider range of cadres to offer certain services, when this can be done safely and effectively, is an important way to expand access to and improve health care, particularly for vulnerable populations.

#### MODERATOR

**Leo Bryant**, Policy Advisor, Marie Stopes International (MSI)

#### PANEL

**Fabio Castaño**, Global Technical Lead for Family Planning and Reproductive Health, Centre for Health Services, Management Sciences for Health (MSH)/Frontline Health Workers Coalition

**Laura Hoemeke**, Director, Communications and Knowledge Management, IntraHealth International and CapacityPlus

**Mengistu Asnake**, Country Representative in Ethiopia, Pathfinder International

**Jameel Zamir**, Programme Officer–Access, International Planned Parenthood Federation South Asia Regional Office

## TUESDAY SCHEDULE

### CONCURRENT SESSIONS

11:30 – 13:00  
Room 405

### Morbidities

This session will examine respectful care from the perspective of human rights, as well as explore compelling ways to help providers understand and apply the concept, the supportive or accountability systems needed to maintain respectful care, and ideas for how to measure it. Emerging findings from research and programmes will also be shared.

#### MODERATOR

**Winifred Mwebesa**, Senior Director, Family Planning/Reproductive Health, Department of Health and Nutrition, Save the Children USA

#### PANEL

**Cynthia Stanton**, Associate Professor, Department of Population, Family and Reproductive Health, Johns Hopkins Bloomberg School of Public Health

**Özge Tunçalp**, Department of Reproductive Health and Research, World Health Organization (WHO)

**A. Metin Gülmezoglu**, Lead Specialist, Improving Maternal and Perinatal Health, Department of Reproductive Health and Research, World Health Organization (WHO)

**Gillian Slinger**, Technical Specialist, Obstetric Fistula Coordinator, Campaign to End Fistula, UNFPA

**Suneth Agampodi**, Head, Department of Community Medicine; Director, Maternal and Child Research Unit, Faculty of Medicine and Allied Sciences, Rajarata University of Sri Lanka

### CONCURRENT SESSIONS

11:30 – 13:00  
Room 406

### Outing and Addressing Abortion Stigma

Abortion stigma remains one of the biggest hurdles to access to safe abortion care, yet addressing stigma is extremely challenging. What can we learn from other stigmatised issues, like HIV? How can we measure stigma, and how does it affect women, providers, and services? What interventions to address stigma work?

#### MODERATOR

**Fred Sai**, International Advisor on Reproductive Health, Ghana

#### PANEL

**Nehemiah Kimathi**, Safe Motherhood/Abortion Advisor, International Planned Parenthood Federation (IPPF) Africa Regional Office, Kenya

**Asifa Khanum**, Director, Monitoring Evaluation and Research, Rahnuma-Family Planning Association of Pakistan

**Suchitra Dalvie**, Coordinator, Asia Safe Abortion Partnership, India

**Monica Oguttu**, Executive Director, Kisumu Medical and Education Trust (KMET), Kenya

**Leila Hessini**, Director, Community Mobilization and Youth Leadership, Ipas

### CONCURRENT SESSIONS

11:30 – 13:00  
Room 407

### Adolescents and Youth Sexual and Reproductive Rights

This panel will examine the international human rights framework for the promotion and protection of adolescent and youth sexual and reproductive health and rights.

#### MODERATOR

**Venkatraman Chandra-Mouli**, Scientist, Adolescent Sexual and Reproductive Health, Department of Reproductive Health and Research, World Health Organization (WHO)

#### PANEL

**Disha Sethi**, Project Coordinator, Digital Media and Learning, The YP Foundation, India

**Rola Yasmine**, Reproductive and Sexual Health Researcher, Coalition for Sexual and Bodily Rights in Muslim Societies (CSBR), Lebanon

**Maria Inés Romero**, Member, Youth Coalition, Paraguay

## TUESDAY SCHEDULE

### Investing in Maternal Health: Barriers, Economic Benefits and Proven Policy Approaches

#### CONCURRENT SESSIONS

11:30 – 13:00  
Room 408

This session will focus on how women's lack of agency and limited accountability can limit progress in improving maternal health. The panel will review evidence of the economic benefits of investing in reproductive health and explore effective policy approaches such as health sector improvements, expansions in women's agency, and increasing accountability.

#### MODERATOR

**Andrew Jack**, Pharmaceutical Correspondent, *Financial Times*

#### PANEL

**Hon. Awa Marie Coll-Seck**, Minister of Health, Senegal

**Karen Grépin**, Associate Professor of Global Health Policy, New York University

**Sansanee Nakapong**, Women's Development Fund Initiative, Government of Thailand

**Purnima Mane**, President, Pathfinder International

### Strategising for a Culture of Gender-Inclusive Democracy in the Middle East and Northern Africa (MENA) Region

#### CONCURRENT SESSIONS

11:30 – 13:00  
Room 409

Once a promise of democratisation, the 'Arab Spring' has in many nations evolved into chaos, civil war, and resurgent authoritarianism—whether secularist, nationalist or Islamist in character. In this session, experiences from the region will be presented along with strategies to build a culture of gender-inclusive democracy in the MENA region.

#### MODERATOR

**Mervat Tallawy**, Executive Member, Egyptian Social Democratic Party; Former Ambassador of Egypt to Austria and Japan; Former Minister for Insurance and Social Affairs of Egypt; Former Executive Secretary of United Nations Economic and Social Commission for Western Asia (ESCWA)

#### PANEL

**Lina Abou-Habib**, Executive Director, Collective for Research and Training on Development-Action, Lebanon

### CONCURRENT SESSIONS

14:45 – 16:15  
Room 304

### Community-Based Access to Injectables (CBA2I)

Community-based strategies such as CBA2I can dramatically improve women's access to contraception by incorporating trained community health workers. The World Health Organization technical consultation of 2009 established this as a global standard of practice; however, multilevel challenges remain.

#### MODERATOR

**Victoria Graham**, Senior Technical Advisor, Office of Population and Reproductive Health, USAID

#### PANEL

**Morrisa Malkin**, Senior Technical Advisor, Research Utilization, FHI 360

### CONCURRENT SESSIONS

14:45 – 16:15  
Room 310

### Maximising Access to Treatment for Women and Girls: What Will It Take?

Since the first United Nations General Assembly Special Session on AIDS in 2001, there has been an unprecedented, dramatic scale-up in treating people living with HIV with antiretroviral medicines in developing countries. Investments in treatment now will save millions of lives and build the potential for prevalence declines at the population level. In efforts to meet universal access, efforts must focus on meeting the treatment needs of all girls and women.

#### MODERATOR

### Women, Resilience and Climate Change

#### CONCURRENT SESSIONS

14:45 – 16:15  
Room 404

Historically, hardships—whether natural or man-made—affect women in inequitable proportions. As climate change increases the likelihood of natural disasters and environmental degradation diminishes arable land, it often falls on women to ensure survival for their families and communities. This panel will discuss the historic resilience of women and what that resilience could mean looking towards the future.

#### MODERATOR

**Robert Engelman**, President, Worldwatch Institute, USA

#### PANEL

**Suzanne Ehlers**, President, Population Action International (PAI)

14:45 – 16:15  
Room 406

#### Healthy Girls, Healthy Women—Investing in Vaccines for Girls

The year 2013 is a transformational year in girl's and women's health. GAVI is for the first time supporting developing countries to launch two vaccines that will directly benefit women's health and strengthen the continuum of care. Vaccinating girls with human papillomavirus (HPV) vaccines will help to protect future generations of women against cervical cancer. Rubella vaccine can help to prevent miscarriage and stillbirth, and shield infants against birth defects.

**Altat Hossain**, Programme Manager, Ministry of Health and Family Welfare, Bangladesh

## TUESDAY SCHEDULE

### Gender and Family Planning

#### CONCURRENT SESSIONS

14:45 – 16:15  
Room 408

Gender is one of the most important social determinants of health. Usually, family planning is associated with ‘women’s obligations’; however, a more dynamic and dialogical relationship involving co-responsibility is needed.

#### MODERATOR

**Purnima Mane**, President, Pathfinder International

#### PANEL

**Geetanjali Misra**, Co-Founder and Executive Director, Creating Resources for Empowerment and Action (CREA), India

**Jorge Lyra**, Co-Founder, Instituto PAPAI, Brazil

### Youth-Friendly Service Delivery Models

#### CONCURRENT SESSIONS

14:45 – 16:15  
Room 409

All youth deserve the opportunity to be healthy, reach their full potential, and have access to quality health services. Unfortunately, this is not often a reality, particularly in the case of sexual and reproductive health services. This panel will examine challenges and opportunities to expanding youth-friendly health delivery, drawing from on-the-ground experiences and lessons learned from leading health organisations.

### Ending Violence Against Women

Worldwide attention has been focused on the increasingly virulent attacks on women. In Pakistan, Malala Yousafzai was shot in the head and neck in an assassination attempt by the Taliban. Her crime: advocating for girls education. In India, a young medical student was raped and murdered by a gang of five assailants. Every 20 minutes, a woman in India is raped. Since the 1990s, successive waves of murders of young women have left hundreds of women dead in Mexico. In South Africa, a woman is killed by an intimate partner every eight minutes. Women Deliver is dedicated to ending violence against women. This panel will discuss what is happening, why it is happening and what can be done to end it.

#### ORGANISED BY

The High-Level Task Force for ICPD

### CONCURRENT SESSIONS

14:45 – 16:15  
Conference Hall 2

### Harnessing the Demographic Dividend

The demographic dividend offers developing countries the possibility of achieving major economic growth when reduced fertility rates are accompanied by strategic investments in education and jobs. Currently, much of sub-Saharan Africa is on the cusp of this phenomenon. Using lessons learned from Asian and South-Asian countries, the demographic dividend could become a meaningful opportunity for economic growth and sustainable development for the world's poorest countries.

#### MODERATOR

**Ken Weiss**, Staff Writer, *Los Angeles Times*

#### PANEL

## WEDNESDAY SCHEDULE

### Framing Identity in Context of Sexual and Reproductive Health and Human Rights

#### CONCURRENT SESSIONS

14:45 – 16:15  
Room 304

Sexual and reproductive health (SRH) information and services around the world continue to focus on the experiences and needs of those conforming to a narrow set of 'acceptable' gender roles. What are the causes and implications of the failure to recognise diverse sexual orientations and identities in SRH information and services?

#### MODERATOR

**Carmen Barroso**, Regional Director, International Planned Parenthood Federation Western Hemisphere Region (IPPF/WHR)

#### PANEL

### Voice and Power: Investing in the 'Forgotten Voices'

#### CONCURRENT SESSIONS

14:45 – 16:15  
Room 305

As more women are engaged in leadership, it continues to be important to ask the question: Who is still not present? This session will focus on strategies to support women's leadership on issues considered to be on the margins. It is these voices that will ensure women have full access to sexual and reproductive health and rights.

#### MODERATOR

**Mary O'Hagan**, Former Commissioner, Mental Health Department, New Zealand

#### PANEL

**Mary O'Hagan**, Former Commissioner, Mental Health Department, New Zealand

### Youth Leadership and Participation

#### CONCURRENT SESSIONS

14:45 – 16:15  
Room 306

This panel will explore the evolving capacity of youth, youth participation as a human right, and barriers for youth in accessing services, resources, and treatment. As international development models increasingly shift to local development partners, youth-led organisations are well-positioned to be strong partners in implementing sexual and reproductive health and rights programmes and policies. Yet, they are often overlooked. This panel will explore youth-led organisations as partners in development and capacity-building efforts.

#### MODERATOR

**Bijoyeta Das**, Women's eNews

#### PANEL

## WEDNESDAY SCHEDULE

### Use of Criminal Laws and Punitive Sanctions in Context of Sexuality and Reproductive Health

#### CONCURRENT SESSIONS

14:45 – 16:15  
Room 407

Governments around the world impose sanctions regulating individual conduct in the context of sexuality and reproductive health, despite the disproportionate impact on individuals' autonomy, health, and lives, and the failure to achieve any positive health outcomes. How do states seek to justify use of criminal laws and punitive measures and what are the human rights arguments for decriminalisation?

#### MODERATOR

## WEDNESDAY SCHEDULE

### SIDE EVENTS

19:30 – 20:30  
Room 403

#### WHO & PPD Satellite Conference: Gender, Equity, and Human Rights

The conference will focus on the following questions. What is the impact of “gender,” “equity,” and “human rights” analysis and interventions in women’s and girls’ health and well-being? What is the relative combined importance and strength of gender, equity, and human rights together rather than alone, and how can we move forward in mainstreaming gender equity rights (GER) in health and population policies in the context of post-MDG dialogue? This will lead towards increased conceptual clarity, operational understanding, and strengthened partnerships through stakeholder dialogue on gender, equity, and human rights.

#### MODERATOR

**Joe Thomas**, Executive Director, Partners in Population and Development (PPD)

**Elizabeth Mason**, Director of Maternal, Newborn, Child and Adolescent Health, World Health Organization (WHO)

#### European and Central Asian Caucus: “The Multi-Faceted European and Central Asian Region: Reconciling Affluence with Persisting Unmet Need”

This session will provide a strategic update on the state of ICPD and women’s health and rights in the European and Central Asian region, showing the multi-faceted perspectives of a region combining countries of affluence (but facing economic crisis) and countries with persistent unmet needs in SRHR. How to reconcile these different angles in a strong European voice to be heard and recognised in the negotiation on ICPD+20 (especially upcoming UNECE meeting) and beyond 2015?

#### ORGANISED BY

International Planned Parenthood Federation European Network (IPPF EN) in collaboration with European Parliamentary Forum (EPF)

## WEDNESDAY SCHEDULE

### Empowering Frontline Health Workers to Help Women Deliver in India

Please join us to learn about IntraHealth International and the Government of India's efforts to scale up proven interventions, which have increased the number and quality of births with a skilled attendant, maternal and newborn home visits, and better health practices. We will also share experiences in the use of an innovative mobile phone job aid by frontline workers in India.

#### ORGANISED BY

IntraHealth International

#### SIDE EVENTS

19:30 – 21:00  
Room 405

### Celebrating Womanhood : Menstrual Hygiene Management

International conventions and action plans elaborate on women's sexual and reproductive rights but stop short of explicitly naming menstruation. This discussion will share current directions in global research, policy and practice on Menstrual Hygiene Management (MHM). Menstrual Hygiene remains a taboo subject, biologically centre stage but neglected in adolescent girls and women's health, education and quality of life.

#### ORGANIZED BY

Water Supply and Sanitation Collaborative Council (WSSCC)

#### SIDE EVENTS

19:30 – 21:00  
Room 408

### Girl Rising Movie Screening & Panel Discussion

From Academy Award nominated director, Richard Robbins, the movie *Girl Rising* reveals the extraordinary stories of nine girls from nine nations in the developing world, each of whom fought difficult personal circumstances (including forced marriage, domestic slavery, gender violence, and poverty) on the road to education.

Intel is a founding strategic partner of 10x10 ([10x10act.org](http://10x10act.org)) and collaborates on this global social action campaign for one very simple reason: We believe education is a fundamental right for everyone.

PLENARY DESCRIPTIONS

## PLENARY

9:00 – 10:30  
Plenary Hall

## The Development Agenda Through a Woman's Lens

We are moving toward the adoption of new goals for development, framed within the theme of a sustainable world. The goals established in various UN documents such as the ICPD Program of Action, The Beijing Platform of Action, and the MDGs—especially those related to reproductive health—are far from achieved. In some cases these goals are still controversial and inadequate for the challenges of the future. How can the new development goals adequately address women's rights and needs? This panel will address these issues and provide answers.

## MODERATOR

Frances Kissling, President, Center for Health, Ethics and Social Policy

## PANEL

Helen Clark, Administrator, UNDP, and Former Prime Minister of New Zealand

President Tarja Halonen, Former President of Finland

Her Royal Highness Crown Princess Mary of Denmark

## THURSDAY SCHEDULE

### Faith, family planning and HIV

**Reverend Canon Gideon Byamugisha**, Co-Founder, African Network of Religious Leaders  
Living with or Affected by HIV and AIDS (ANERELA), Uganda

### How to Think About Population, Sustainability and Women's Rights

From the first conference on population and development in Bucharest in 1974, the question of whether population growth contributes to poverty and environmental degradation has been contested. The development of a woman-centred human rights approach to population at the Cairo conference was lauded by some as a paradigm shift and by others as diminishing the financial commitment to reproductive health. Increasing interest in reducing the negative effects of climate change has reopened the debate; this panel will discuss what that means for women.

Grand Ballroom 1

### Twenty Years Ago...What's Missing in the 1990's Programmes of Action: Moving Forward from Cairo, Beijing, Rio, Vienna and the MDGs

Within the UN, the 1990's witnessed a remarkable outpouring of transformational agendas for development. Twenty years later, few of those agendas have been updated; yet, the world has changed dramatically. This panel will ask leaders in developing those agendas what is missing from them—what was left out when they were developed and what needs to change to achieve women's rights, human rights, sexual and reproductive health and rights and sustainable development.

#### MODERATOR

**Gill Greer**, Board Member, WomanCare Global; CEO, Volunteer Service Abroad, New Zealand

#### PANEL

### The Development Agenda Through a Young Person's Lens

The World We Want is not just a slogan—it represents the vision each of us has for the kind of future we need. For no group is it more real than those under the age of 30 who will live out the lives today's leaders initiate in the post-2015 agenda. On this panel, young leaders will share their vision for the world they want.

## THURSDAY SCHEDULE

### A Safe and Sexy ASEAN: A Dialogue on Strengthening Accountability for SRHR

There is a need for strengthened civil society engagement in ASEAN and its member states to encourage greater national and regional recognition of SRHR as central to human rights, poverty elimination, and sustainable social, environmental, and economic development. This session aims to contribute to this by gathering recommendations for the development of an SRHR accountability tool and advocacy strategy.

#### SIDE EVENTS

7:00 – 8:30  
Room 307

### Empowering Women Through Clean Cookstoves and Fuels

Four million people—primarily women and children—die annually from exposure to smoke from traditional cookstoves. We will discuss the crucial role women play in increasing adoption of clean cooking solutions—from developing designs through marketing and distribution—as greater focus on women's involvement in these value chains increases the effectiveness of the sector and empowers women by increasing access to business opportunities.

#### ORGANISED BY

The Global Alliance for Clean Cookstoves

#### SIDE EVENTS

7:00 – 8:30  
Room 308

### Francophone Africa Regional Meeting

The Francophone Africa Regional Meeting will provide the opportunity for representatives from countries in Francophone Africa to meet and discuss (in French) strategic priorities for improving maternal health and rights in Francophone Africa and strategies for advocating for these priorities at the regional and global level. By invitation only.

## THURSDAY SCHEDULE

### Market Shaping Practices in Reproductive Health: Producing Greater Access to Supplies and Services

#### CONCURRENT SESSIONS

11:00 – 13:00  
Conference Hall 2

More people would have access to contraceptives and services with a more efficient and competitive market. To achieve change we need to examine how major northern manufacturers can lower product cost, how southern-based generic manufacturers can compete in international procurement, and how WHO's prequalification programme can assist in making this happen.

#### MODERATOR

**John Skibiak**, Director, Reproductive Health Supplies Coalition

#### PRESENTERS

**Hema Srinivasan**, Manager, Supplier Relations on the Drug Access Team, Clinton Health Access Initiative (CHAI)

**Denise Harrison**, Senior Market Development Advisor, USAID

**Klaus Brill**, Vice President, Corporate Commercial Relations, Bayer HealthCare Pharmaceuticals

**Ventakesh Iyer**, Director of Corporate Strategy, Famy Care Ltd., India

**Lembit Rago**, Coordinator, Quality Assurance and Safety: Medicines, World Health Organization (WHO)

### Investing in Women as Environmental Pioneers and Change Agents

#### CONCURRENT SESSIONS

11:00 – 13:00  
Room 304

Women are disproportionately impacted by climate change, land rights, and lack of food and water security. They have been early leaders in the movement, and are in the best position to assume leadership as change agents. Speakers will explore strategies for engaging women in advancing an environmentally sustainable world.

#### MODERATOR

**Peggy Clark**, Vice President of Policy Programs, The Aspen Institute

#### PANEL

**Xiaobei Wang**, China Gender Specialist, Landesa

**Jane Sloane**, Vice President of Programs, Global Fund for Women

**Kumi Naidoo**, International Executive Director, Greenpeace International

**Esther Agabarakwe**, White Ribbon Alliance, Nigeria

### Breast and Cervical Cancers

#### CONCURRENT SESSIONS

11:00 – 13:00  
Room 305

Breast and cervical cancers are the leading cancers for women in most countries. Panellists will discuss successful pilot programmes in breast and cervical cancer screening that are linked to treatment, and learn how these programmes could be scaled up. Policy makers, implementers, donors, and medical professionals will join this conversation.

#### MODERATOR

**Preetha Rajaraman**, Lead for Southeast Asia, Center for Global Health, National Cancer Institute, USA

#### PANEL

**Doyin Oluwole**, Executive Director, Pink Ribbon RED Ribbon Initiative, George W. Bush Presidential Center

**Maxine Eber**, Deputy Director, Support for International Family Planning Organisations (SIFPO), Population Services International (PSI)

**Cheng-Har Yip**, Consultant Breast Surgeon, Sime Darby Medical Centre, Malaysia

**Jo Anne Zujewski**, Special Advisor, Women's Cancer, Center for Global Health, National Cancer Institute, USA

## THURSDAY SCHEDULE

### CONCURRENT SESSIONS

11:00 – 13:00  
Room 306

### Freedom of Expression and Information and Sexual and Reproductive Health

Some governments censor those seeking to provide sexual and reproductive health (SRH) information and to defend rights and are not transparent about their SRH budgets. This panel will explore best practices in SRH information provision and the use of access to information laws to surface budget information.

#### MODERATOR

**Agnes Callamard**, Executive Director, Article 19, United Kingdom

#### PANEL

**Alma Luz Beltrán y Puga**, Grupo de Información en Reproducción Elegida (GIRE), Mexico

**Kinga Jelinska**, Project Manager, Women on Web, Netherlands

### CONCURRENT SESSIONS

11:00 – 13:00  
Room 307

### Accountability and Remedies in Context of Sexual and Reproductive Rights Violations

Accountability and remedies for violations of sexual and reproductive rights are often lacking. In many countries there are no effective structures to file complaints when sexual and reproductive health information and services are denied. This panel will examine the effects of this accountability gap and ways to address it.

#### PANEL

**Alicia Yamin**, Lecturer on Global Health, Director of Health Rights of Women and Children Programme, François-Xavier Bagnoud Center for Health and Human Rights, Harvard School of Public Health  
**Ariel Frisancho Arroyo**, National Coordinator of Social Rights Programmes: Water and Sanitation, Education, Nutrition and Health, CARE Peru  
**Luisa Cabal**, Vice President of Programs, Center for Reproductive Rights, USA

### CONCURRENT SESSIONS

11:00 – 13:00  
Room 401

### Multipurpose Prevention Technologies for Girls and Women

Worldwide, negative outcomes of sexual and reproductive health risks contribute directly to high rates of maternal mortality, and indirectly to high mortality rates among infants and children under five. There has been a dramatic shift in the field of HIV prevention, elevating biomedical interventions to the forefront of research and practice, and prompting some leaders in the field to describe ending the HIV/AIDS pandemic as a realistic goal.

#### MODERATORS

**Manjula Lusti-Narasimhan**, Department of Reproductive Health and Research, World Health Organization (WHO)  
**Manju Chatani**, Senior Program Manager, AVAC | Global Advocacy for HIV Prevention

#### PANEL

**Nomita Chandhiok**, Deputy Director, Reproductive Health and Nutrition, Indian Council of Medical Research  
**Zeda Rosenberg**, CEO, International Partnership for Microbicides  
**Judy Manning**, Health Development Officer, USAID  
**Georgina Caswell**, Global Network of People Living with HIV (GNP+), South Africa

## THURSDAY SCHEDULE

### Skill-Building Session: Providers as Advocates for Women's Sexual and Reproductive Health

In this interactive, skills-building session, participants will explore providers' unique roles as advocates for women's sexual and reproductive health; experience activities adapted from Ipas's *Providers as advocates for safe abortion care: A training manual*; engage in storytelling and experience sharing of providers' successful advocacy; and discuss recommendations for broader implementation and evaluation to advance women's health and rights.

#### FACILITATORS

**Katherine L. Turner**, Senior Advisor, Health Systems, Ipas, and **Monica Oguttu**, Executive Director, Kisumu Medical and Educational Trust, Kenya

#### ORGANISED BY

Ipas

#### CONCURRENT SESSIONS

11:00 – 13:00  
Room 402

### Building on Current Momentum and Lessons Learned: Case Studies in Successful Advocacy to Expand Access to Safe Abortion

This panel will present a few recent examples of positive policy changes and increased access to safe abortion. How can we harness this momentum, learn important lessons from pioneer countries, and adapt successful strategies to diverse contexts? What worked where policies have changed? What or who were the driving forces?

#### MODERATOR

**Suchitra Dalvie**, Coordinator, Asia Safe Abortion Partnership, India

#### PANEL

**Gilda Sedgh**, Senior Research Associate, Guttmacher Institute, USA

**Maria Mejia**, Executive Director, Catholics for the Right to Decide, Mexico

**Joy Asasira**, Program Officer, The Centre for Health, Human Rights and Development (CEHURD), Uganda

**Suchitra Dalvie**, Coordinator, Asia Safe Abortion Partnership, India

#### CONCURRENT SESSIONS

11:00 – 13:00  
Room 405

### Delivering Health and Rights for Women and Girls Through Integrated Health Care

Integrating client-centred, rights-based sexual and reproductive health, maternal, newborn, and child health services can increase programme efficiency and effectiveness. However, cultural, political, and structural barriers continue to impede full integration of and access to these related services. This session will explore best practices of and challenges to integration.

#### MODERATOR

**Serra Sippel**, President, Center for Health and Gender Equity (CHANGE), USA

#### PANEL

**Mandy Moore**, Actor, Singer-Songwriter, and Population Services International (PSI) Ambassador (Opening Remarks)

Room 406

## THURSDAY SCHEDULE

### CONCURRENT SESSIONS

11:00 – 13:00  
Room 407

#### Women at the Table: Investing in Women's Civil and Political Participation

As women increase their civil and political participation, systems and structures improve for women and entire communities. Speakers will share strategies that have been successful in increasing women's participation and discuss how to replicate and scale these investments in women, including how to support sexual and reproductive health and rights in the time ahead.

##### MODERATOR

Theo Sowa, CEO, African Women's Development Fund

##### PANEL

Dame Carol Kidu, Former Member of Parliament, Founder and Patron, Safe Motherhood Alliance of Papua New Guinea

Mu Sochua, Member of Parliament, Cambodia

### CONCURRENT SESSIONS

11:00 – 13:00  
Room 410

#### Life-Cycle Approach to Contraceptive Services

A life-cycle approach to contraceptive services implies addressing specific needs and challenges faced by clients at different times in their lives in accessing information, services and commodities. The session will address the needs of young people, women receiving post-partum and post abortion services, women living with HIV and women who do not desire to have more children in the future.

##### MODERATOR

Marcela Rueda, Programme Officer, Quality Improvement and Health Systems Strengthening, International Planned Parenthood Federation (IPPF)

##### PANEL

Doortje Braeken, Senior Advisor on Adolescents, IPPF

Abu Sayeed Abdullah Al Masud, Country Representative, SHOPS Bangladesh, Abt Associates

### Sexuality and Fertility—Choices and Challenges for Women Living with or at Risk for HIV

#### CONCURRENT SESSIONS

15:00 – 16:00  
Room 307

For women living with HIV, being able to prevent, delay, or space pregnancies is essential for health management and prevention of transmission of HIV to infants and partners. Equally important for many women is how to safely conceive and deliver babies while living with or being at risk for HIV. This session will explore the complexities of these issues and offer recommendations to the sexual and reproductive health and HIV communities.

#### MODERATOR

**Megan Dunbar**, Vice President of Research and Programs, Pangaia Global AIDS Foundation

#### What's New for Newborn?

Despite significant progress over the past decade in reducing neonatal mortality, approximately three million newborns die annually within the first 28 days of life due to complications of preterm delivery, birth asphyxia, and infections. This session will provide updates on recent, emerging technologies to address the three most common newborn killers.

##### MODERATOR

**Claudia Morrissey Conlon**, Senior Maternal Newborn Health Advisor, Saving Mothers Giving Life, USAID

##### PANEL

**Steve Wall**, Senior Newborn Advisor, Saving Newborn Lives, Save the Children USA

**Leela Khanal**, Project Manager, Community Based Newborn Care Programme, Nepal

## THURSDAY SCHEDULE

### DATA! What We Have, What's Missing, and Why

#### CONCURRENT SESSIONS

15:00 – 16:00  
Room 406

When making the case for youth inclusion, we lack necessary data on adolescent and youth sexual and reproductive health, particularly qualitative and quantitative programmatic evaluations, and age-disaggregated service and programme statistics through national-level health information systems and international donor-funded programmes. This panel will discuss what we do know about adolescent and youth sexual and reproductive health, examine unique ways of learning and gathering more evidence, and identify remaining gaps.

#### MODERATOR

**Prateek Awasthi**, Technical Analyst, UNFPA

#### PANEL

**Ragnar Anderson**, Research Associate, Guttmacher Institute, USA

**Venkatraman Chandra-Mouli**, Scientist, Adolescent Sexual and Reproductive Health, Department of Reproductive Health and Research, World Health Organization (WHO)

### Access to Safe Abortion Care Under the International Human Rights Legal Framework

#### CONCURRENT SESSIONS

15:00 – 16:00  
Room 408

From a human rights standpoint, legal and regulatory barriers that impede women's access to safe, legal abortion care should be eliminated. This panel will look at some recent developments and highlight the imperative for access to safe and legal abortion services.

#### MODERATOR

**Bela Ganatra**, Lead Specialist, Department of Reproductive Health, World Health Organization (WHO)

#### PANEL

**S.P. Choong**, Chairperson of the Steering Committee of the Asia Safe Abortion Partnership and Co-chair of Reproductive Rights Advocacy Alliance Malaysia

Room 410

### Human Rights Defenders and Sexual and Reproductive Health and Rights

The panel will focus on human rights defenders—both activists and health professionals—providing the information and services individuals need to enjoy their sexual and reproductive rights and engaging in rights advocacy in this area.

#### MODERATOR

**Katrina Anderson**, Human Rights Counsel, Center for Reproductive Rights

#### PANEL

**LeRoy Carhart**, Surgeon and Reproductive Healthcare Provider

**Mona Eltahawy**, Journalist and Advocate

**Tolekan Ismailova**, Citizens Against Corruption

**DR CARHART** has practiced medicine for over 30 years in the United States and has provided safe abortion care since 1988. He was a plaintiff in two lawsuits before the U.S. Supreme Court challenging legal bans on later-term abortion procedures. Dr. Carhart faces constant harassment and threats to his life from abortion opponents.

**MONA ELTAHAWY** is an award-winning journalist and an international public speaker on Arab and Muslim issues. She was arrested while covering protests in Tahrir Square in 2011, and physically and sexually assaulted while in custody. In 2012, she was arrested for vandalising advertisements in the New York subway featuring anti-Islam slurs.

**MS ISMAILOVA** is a tireless defender of human rights in Kyrgyzstan and constantly harassed by the government. Most recently in October 2012, the government prohibited her organisation from screening the film 'I Am Gay and Muslim' by claiming it was 'extremist' and would incite religious hatred and social disorder.

## THURSDAY SCHEDULE

#### "Post MDG Agenda – How to Ensure Continuity in Family Planning?"

Kate Gilmore, *Assistant Secretary General and Deputy Executive Director, UNFPA*

As a leading company in the field of hormonal contraception, Bayer HealthCare has been working with a network of public and private partners for over 50 years, supporting family planning programs in over 130 countries and offering women the choice of self-determined family planning through quality hormonal contraceptives.

Apart from access to modern contraceptives, self-determined family planning also requires knowledge. Sex education is therefore an essential cornerstone for sustainably improving people's future opportunities. Working together with its partners, Bayer HealthCare supports expanded access to information and education on reproductive and sexual health.

By fostering awareness through the World Contraception Day on September 26th every year and by supporting sexual education programs especially in regions with the highest population growth such as sub-Saharan Africa, the company helps distribute health information and services where they are needed most.

This engagement is in direct response to the UN Millennium Development Goals to reduce child mortality and improve maternal health.

## SAVING CHILDREN'S LIVES KEEPING MOTHERS ALIVE

In 2011, UNAIDS and partners launched a Global Plan which aims, by 2015, to:

- Reduce new HIV infections among children by 90%
- Reduce HIV-related maternal deaths by 50%

Action is now under way in all parts of the world to increase access to HIV prevention and treatment services for women and children.

UNAIDS calls on all countries to ensure children are born free from HIV and their mothers stay healthy and have access to HIV treatment.

As the world's largest NGO working in sexual health and rights, we want to work with our partners to demand governments act. We call it Vision 2020 – 10 steps to achieving Sexual and Reproductive Health and Rights for all. By 2020 we want to:

- 1 secure sexual and reproductive health as a **development goal**
- 2 close the gap between those who can and can't access health & rights
- 3 eliminate discrimination against women and girls
- 4 recognize sexual and reproductive health and rights as **human rights**
- 5 ensure young people are involved in all policy decisions that affect them
- 6 integrate sexual and reproductive health and HIV services in health systems
- 7 halve the **unmet** need for contraceptives
- 8 make comprehensive sex ed available to **all**
- 9 reduce maternal mortality due to unsafe abortion by **75%**
- 10 ensure governments invest the resources to achieve the above targets

help us make it happen

# WOMEN DELIVER 50

The **WOMEN DELIVER 50** celebrates the most inspiring ideas and solutions that improve the health and well-being of girls and women. In honor of International Women's Day 2012, we are highlighting initiatives—from the grassroots to the global—that are pioneering real and lasting social change. Women Deliver received hundreds of nominations from 103 countries, with the top 50 chosen through online voting. These programs show that with ingenuity, drive, and dedication, we can build a better world for girls and women.

# Family planning saves lives

There are still more than **200 million women** around the world who want to use contraceptives but cannot access them.

For some, not being able to control the number and spacing of their children is a matter of life and death. Some 287,000 women die each year – mostly in poor countries – as a result of pregnancy and childbirth. For others, having too many children to support locks them into extreme poverty.

At Marie Stopes International, our goal is to give people a choice, so they can manage their own families, and their own futures.

## Women, Sexuality and the Political Power of Pleasure

*Sex, Gender and Empowerment*  
Susie Jolly, Andrea Cornwall & Kate Hawkins

This pioneering collection explores the ways in which women's experience their sexual desires and how this effects their empowerment.

Traditional gender and development discourses tend to engage with sexuality in relation to violence and ill-health. Although hugely

important in challenging violence against women across the globe, over emphasizing these negative aspects has subsumed women's sexualities under violence, danger and fear.

*Women, Sexuality and the Political Power of Pleasure* brings together challenges to these strictures and exclusions from both south and north of the globe. It shows how positive approaches to pleasure and sexuality can enhance equality and empowerment for all.

Maternal mortality as a consequence of complications during pregnancy and childbirth is a major obstacle to gender equality and women's empowerment.

**Sweden will take action to:**

highlight the gender equality aspects of the high maternal mortality rate and women's lack of access to adequate maternal health care as an integral part of their sexual and reproductive health and rights, including in conflict and crisis situations.

Arabs, Chinese, Indians and Europeans  
have long appreciated Malaysia's position  
as a nexus for trade and meetings. So much so,  
they're still here 600 years later.

Our predecessors once braved all manner of hazards to travel to Malaysia. Once here, they thrived amidst the many trade opportunities and warm hospitality of the local Malays. The result is a truly unique melting pot of cultures and customs. This infusion of influences makes Malaysians cosmopolitan and while we are forward-looking, we retain a strong sense of our traditions.

As the centre of Southeast Asia and strategically located between India and China, Malaysia knows how to connect the world with Asia. Malaysia is English-speaking yet multilingual; a vibrant emerging economic and business centre; and a great value-for-money destination. You will see it in our ability to host any meeting, incentive trip, convention and exhibition. Malaysia has all the first-world infrastructure you want in a destination enhanced by a fusion of Asian cultures, food and hospitality.

## EUROPEAN UNION

### SUPPORTING SEXUAL AND REPRODUCTIVE HEALTH AND EMPOWERING WOMEN WORLDWIDE

**The European Union defends women's rights, gender equality and sexual and reproductive health as well as combatting gender-based violence, female genital mutilation and trafficking.**

EU support to sexual and reproductive health is foremost provided through budget and programme support at country level for health systems strengthening and universal access to basic health care. Gender equality is addressed as a cross-cutting issue in all development assistance.

The EU also provides grants to civil society organisations working to improve gender equality and to enhance access to reproductive health.

In addition to development cooperation in third countries, the EU works in these fields in European countries.

#### THE EU AS A DONOR

The EU is not one donor but 27 member states and the European Commission. Together they give more than 50% of global aid: €53.1 billion in 2011. Globally, the European Commission alone is the second largest bilateral donor, after the USA. In 2011, it provided €12.329 billion of external aid.

As a donor, the Commission channels its aid through budget support - i.e. funding a specific sector of a partner government's programme or the government's general budget, or by funding projects implemented by specialised partners like UN agencies or development NGOs.

Aid constitutes about 9% of the EU budget (this includes the European Development Fund, which is not part of the EU budget).

When compared to other international donors, the European Commission has repeatedly ranked highly on the transparency of its aid. It continues to work on improving its performance.

The administrative costs of EU aid are lower than those of other principal donors of bilateral aid - comprising 5.4% of total expenditure in 2009

#### THE ADDED VALUE OF EU AID

**Present where needed:** The EU has a global presence and wide-ranging expertise across the globe, unmatched by any of the EU member states.

**International credibility:** The EU as a global player has a unique credibility and neutrality when it comes to human rights, electoral observation, governance and crisis resolution.

**Long-term commitment:** The EU programmes its aid over several years, thus mobilising long-term and predictable aid. Both are essential factors in achieving sustainability in development.

**Acting together saves money:** In the current economic context, avoiding duplication makes more sense than ever. Better coordination of aid could generate savings of up to €5 billion a year, according to a recent study (Aid Effectiveness: the Benefits of Going Ahead, 2011.)

**The critical weight to respond to global challenges:** Combining their strength on the global stage, the EU and its 27 member states can address challenges such as human rights and gender equality, universal access to health, climate change, managing migration and stability.

## SAVING LIVES AND IMPROVING HEALTH OF WOMEN AND GIRLS

**Management Sciences for Health** (MSH), a nonprofit global health organization with over 40 years of experience working in more than 150 developing countries, including over 20 years in Asia, is dedicated to saving lives and improving the health of the world's poorest and most vulnerable people—especially women and girls.

MSH works to ensure that women have access to basic health services such as family planning, maternal health, and HIV programs. We train and empower women health leaders at all levels of the health system—from community health workers to doctors and nurses to ministries of health.

By strengthening the health system, MSH works to improve access to and appropriate use of essential medicines and commodities for women. **Learn more at [www.msh.org](http://www.msh.org).**

## WE AGREE.

We see a world where AIDS will stop stealing our friends. Threatening our employees. And harming newborn babies. From San Francisco to West Africa, AIDS attacks us where we work and live. At Chevron, we've fought back with testing, education, care, and support. Our employees and partners are working side by side to end mother-to-child transmission. And we're winning. In Nigeria, where the grip of HIV is fierce, our children haven't had a reported case in 12 years. AIDS is strong. But, together, we are stronger.
